

Bayless Lee Will Demur To Divorce And Fight Alimony

Bayless G. Lee will demur to that part of the bill for divorce filed against him by his wife, Mrs. Minnie Peters Lee, referring to the divorce, according to A. B. Knappmeyer, his attorney. The probable will mean that Mr. Lee will seek to have the court dismiss the bill on the ground that there is no justification for it.

Mrs. Lee, in an amended and supplemental bill for divorce, filed Wednesday, prayed for an absolute divorce, alimony of \$1,000 per month pending the hearing of the cause, and from \$12,000 to \$15,000 a year permanent alimony if the divorce is granted.

Mrs. Lee also asked in the bill that the court have Mr. Lee return to her a deed she claims he made to her of valuable property at 151 Madison avenue worth \$150,000, which she says was decided to her on Nov. 12, 1917, under a marriage contract with Mr. Lee, whereby she agreed to release his property from any of her inheritable rights. She claims that Mr. Lee is withholding from her the possession of the deed which has never been recorded and asks that the court give her full legal possession of it.

Mr. Knappmeyer, Mr. Lee's attorney, said that his client would file answer to that part of the amended bill regarding the rightful ownership of the Madison avenue property to question.

CHARLOTTE, N. C., July 18.—Benjamin Dawson Heath, 78, millionaire manufacturer, died here yesterday. He had extensive textile mill interests in North and South Carolina.

Constipation Results When Hot Weather Stops Exercise

WHEN the system has become accustomed to a certain daily routine of exercise and food, health is quick to suffer if that routine is interfered with. The bowels are first to notice the change.

Different water is enough to constipate. Changes of food when traveling, much sitting by those accustomed to long walks will do it. It is especially true that when elderly people change their routine they quickly become constipated. Yet elderly people should be particularly careful to keep their bowels open, especially during the hot months.

A better remedy for the purpose cannot be found on a druggist's shelf than Dr. Caldwell's Syrup Pepsin. It is a

combination of simple laxative herbs with pepsin which trains the stomach-muscles to do their work naturally so that medicines can be dispensed with. Only a small dose is needed, and unlike harsh physics and cathartics, it acts gently and without griping.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size, or a free trial bottle will be sent on receipt of your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

Shakespeare Said

"First to think own self be true." And for a woman to be true and just to herself she must always look her best. So often because of the lack of ready cash so many women buy cheap, unbecoming clothes. At Millers Ready-to-Wear and Millinery Shop, at 234 South Main St., near Linden, you will find only the better Suits, Coats, Dresses, Hats, Waists, Skirts and Furs at about the same price as is charged by the other high-grade shops, and you are more than welcome to credit without the usual red-tape reference or investigation. Stamps and Liberty Bonds taken at full value. The new fall models are coming in every day; would suggest buying early as this is a rising market and clothes will be higher later in the season.

STANOCOLA POLARINE

The Standard for Lubrication

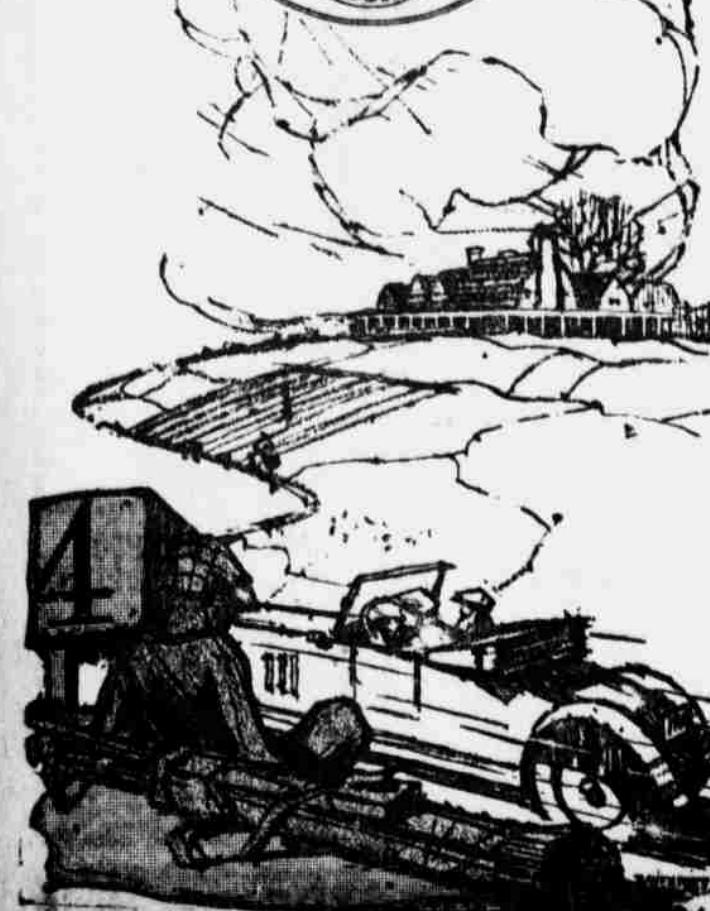

Where Low Scores Win

In motoring, the lowest score for fuel and repairs indicates highest efficiency—as in golf the fewest strokes for the course. That's why experienced motorists use Stanocola Polarine for Motor Lubrication.

Stanocola Polarine guards engines with a frictionless oil cushion that prevents ruinous wear. Keeps compression tight and eliminates power leaks—gives extra miles from each gallon of gasoline. Deposits minimum carbon. Cuts down upkeep costs.

Stanocola Polarine correctly lubricates all types of automobile engines. The product of the most modern and best equipped refinery in the South. For sale by leading dealers, and wherever you see the Stanocola sign.

SMUTS ADVOCATES FORGIVENESS FOR DEFEATED TEUTONS

In Farewell Statement to British People South African Leader Urges Leaving of Russia to Own Affairs.

LONDON, July 18. (By the Associated Press).—Lieut.-Gen. Jan Christian Smuts, of the Union of South Africa, and member of the British peace delegation in a farewell message advocates appeasement and reconciliation with Germany and encouragement of the present moderate Republican administration in Germany, which is successfully fighting the European battle against anarchy.

Gen. Smuts strongly urges leaving Russia to settle her own affairs on the ground that "a sobered soviet system may be better than barbarism, to which the present policy is inevitably to be tending" and declares that British statesmen should apply the same medicine to Ireland that they applied to Bohemia.

An appeal is made by Gen. Smuts for an abiding faith in high ideals despite what he terms the disillusion produced by the peace treaty. He says the fundamental significance of the war has been a victory spiritual and moral over the material factors, a victory of the finer elements of humanity on the basis, and hence there should be no bitterness left in the minds of the peoples.

He pleads for appeasement and reconciliation as the only means for the regeneration of exhausted Europe, which, he says, is the most awful spectacle in history.

"A brutal fact," Gen. Smuts continues, "is that Britain is a very small island on the face of a continent in which 70,000,000 Germans represent a most important and formidable national factor. You cannot have a stable Europe without a stable and settled Germany; you cannot have a stable and settled Britain while Europe is warring in confusion. Therefore the appeasement of Germany becomes of first importance."

Gen. Smuts, in urging encouragement of the Republican administration in Germany, says the issue probably will be decided in Germany and that President Ebert "deserves our backing and encouragement."

"Do not let us deal with Ebert as we have dealt with Kerevsky and Karolyi (former premier and president respectively of Russia and Hungary) with results beyond recall today," the statement of Gen. Smuts concludes.

Dealing with questions concerning the empire and the dominions, Gen. Smuts says the most pressing of all is the Irish question.

"It has become a chronic wound whose septic effects are spreading to our whole system and through its influence on America is beginning to poison the most vital foreign relations," says Gen. Smuts. "Unless it is settled on the great principles which form the basis of this empire, this empire must cease to exist."

"Our statesmen in Paris dealt with racial problems resembling Ireland and in every way as difficult as the Irish problem and they may not shrink from applying to Ireland the same principle they applied to Bohemia and many other parts of Europe."

HUNTSVILLE TO HAVE FINE NEW BANK

HUNTSVILLE, Ala., July 18. (Spl.)—The corner lot that was occupied several years by the Huntsville Bank and Trust company, in the center of the city, has been sold by J. E. Penny to A. L. Rison, president of the W. R. Rison Banking company. The consideration was \$1,750, or \$150 a front foot. A handsome bank and office building will be erected on the lot within the next few months. Mr. Rison stated, however, that he had no definite plan, and did not know when the building construction, but that a handsome building would be built on the lot.

PUBLISH KAISER'S NOTE UPHOLDING SERBIANS

BERLIN, July 18. (By the Associated Press).—A letter written by former Emperor William, July 28, 1914, to Dr. von Bethmann-Hollweg, then Imperial German chancellor, is published here.

The letter says that, after having read the Serbian reply to the Austrian ultimatum, it was the opinion of the emperor that all the unjust demands had been met and that all ground for war was removed. It adds, however, that as the Serbians "are Oriental and untrustworthy, Austrians should occupy Belgrade until the Serbian promises are fulfilled."

"On this basis," says the emperor, "I would be ready to arrange peace in Austria."

HUNGARIAN MAJOR SHOOTS HIMSELF AFTER TRIALS

VIENNA, July 18. (By the Associated Press).—A report from Budapest says Maj. Barthia, head of the military school, recently shot himself when he learned that 11 of his students had been sentenced to death. He was charged with life or less terms of imprisonment. Chief Justice Kiska, who is a former blacksmith, was unable to secure answers from Barthia when the students were on trial.

The report adds that Barthia, on being questioned by the court, replied: "I refuse to recognize the legality of this court of you as a judge."

PROFESSIONAL WOMEN FORM OWN FEDERATION

ST. LOUIS, July 18.—The federation of business and professional women formally was organized yesterday at the convention of the National Women's business committee, after the women's association of commerce of the United States refused to join the merger, fearing by so doing it would lose its identity.

Miss Gail Laughlin, a San Francisco lawyer, was elected president; Miss Eugenia Wallace, New York, vice-president; Miss Orva Carroll, Little Rock, recording secretary; Miss Mary Stewart, Washington, corresponding secretary; Miss Gracie Rice, Bridgeport, Conn., treasurer; Miss Maude Smith, Hutchinson, Kan., auditor.

Mr. Bowers' Stores Inc. 1911

INCORPORATED

IN ALL PARTS OF THE CITY

There Are Reasons
Why Our
Forty-Four Stores
Are "Little"
Mighty Good
Ones, Too!

Of Interest to Housekeepers

YOU, as well as others, realize now as never before the NECESSITY of buying food supplies where you can obtain the LOWEST PRICES without sacrificing either QUALITY or a reasonable amount of SERVICE. Food prices are almost DOUBLE the prices you paid only a few years ago. And it is false economy always to SACRIFICE quality for any reasons.

You also must APPRECIATE that there is not only every prospect of food prices "going higher," but there is a shortage and scarcity of many foods existing already, which may become more acute later. It, therefore, BEHOOVES YOU and others to CONSIDER your "source of supply" and to trade WHERE you can BE SURE of getting the BEST VALUES at the LEAST EXPENSE.

In this connection, INVESTIGATION will bring out the SIGNIFICANT FACT that the Bowers Stores usually "have the goods" always, when it is humanly possible to have them, and they certainly could not afford to GUARANTEE EVERY ARTICLE to satisfy unless the QUALITY fully justified this sweeping offer.

As to selling prices asked by ALL retail grocers, without exception, their prices depend entirely upon TWO VERY IMPORTANT FACTORS:

First, the BUYING POWER of the retail grocer as regards quantities, such as concessions for carlot purchases and cash discounts, and, next, the COST OF DOING BUSINESS, which must be ADDED to buying prices to arrive at the ACTUAL COST of every item.

Since the Bowers Stores BUY ONLY for spot CASH, and our volume is FAR GREATER than any other retail grocery business in Memphis, it goes without saying we can AFFORD to buy carlots where others cannot.

And in regard to "operating expenses," there are no stores anywhere OPERATING AT LESS

COST of doing business than the forty-four Bowers Stores, consequently they can easily afford to sell goods at LESS PRICES than others. We can PROVE this assertion by FACTS, as follows:

Each of our stores is SMALL and most of them of the type shown in the illustration above, yet by replenishing supplies DAILY AND SYSTEMATICALLY they are amply large to take care of a LARGE VOLUME and give quick, efficient SERVICE.

The SMALLER THE STORES the less rent, the less insurance, the less taxes, the less lights, the less heat, the less water, the less repairs, the less clerk hire, and the less capital or money tied up in supplies.

That is WHY the Bowers Stores are "little"—why their TOTAL EXPENSE is much LESS than other grocery stores, and is one of the MANY REASONS why they can afford to UNDERSELL others.

The Bowers Stores operate with FEWER CLERKS and have LESS MONEY (always worth six per cent) tied up in fixtures than the average grocer of the better class. They see no GOOD REASON for adding the EXPENSE of tying up five or six thousand dollars in elaborate fixtures, shelving, etc., when five or six hundred dollars will accomplish the SAME PURPOSE.

The Bowers Stores do NOT operate on a "cut-price plan," but on a REDUCED PRICE PLAN, where their profits are UNIFORM and the customer SAVES AS MUCH in proportion on a "nickel's worth" of nutmegs as on an ice cream freezer.

Facing the FACTS that have been mentioned, at a TIME when SAVING MONEY is a matter of GREAT importance TO YOU, is it not the logical and REASONABLE thing to do, under the circumstances, to at least TRY the Bowers Stores and SAVE SYSTEMATICALLY?—J. M. Fly, President.

"You Won't Get Bit, if You Buy of Mr. Bowers"

ATHLETIC FIELD NOW ASSURED FOR UNIVERSITY

KNOXVILLE, Tenn., July 18. (Spl.)—An athletic field for the University of Tennessee now seems assured. Col. W. S. Shields, of this city, has offered to give 12½ acres of land, such an athletic field for the university, provided that funds sufficient to grade and equip the field shall have been raised or pledged within one year.

With this proposal it is stated that the funds will be assured at an early date, and that the work of grading the field will start immediately, the dirt from the grading for new buildings at the university being used to make necessary fills.

The generous offer of Col. Shields was made to Dr. H. A. Morgan, president of the University of Tennessee. Within less than an hour Dr. Morgan assembled a meeting of 30 business men of the city at the board of commerce with the result that the proposition was most enthusiastically received and endorsed.

Robert S. Young has been selected to lead the campaign to raise the money necessary to secure Col. Shields' donation. It is estimated that it will require \$25,000 to \$40,000 to grade and equip the field properly. Mr. Young states that he expects a generous response to the proposition, and he hopes to have the entire amount by Monday.

GUARD ORGANIZATION TO TRAIL FOURTH REGIMENT

NASHVILLE, Tenn., July 18. (Spl.)—The additional units of infantry, field artillery and signal corps authorized by the war department for the Tennessee national guard will not be organized at present, according to Adj. Gen. Baxter Swaney. Gen. Swaney stated today that every effort is being made to put the existing infantry regiment, the Fourth, into a complete organization fully equipped and instructed before any steps will be taken toward the formation of the additional units.

At present all operations are being centered on the annual encampment at Fountain City near Knoxville which will be held in August.

FIRST WHEAT CARGO FROM ARGENTINA IN GERMANY

BERLIN, July 18. (By the Associated Press).—The first cargo of Argentine wheat contracted for by the German government through Dutch sources has arrived at Emden. Sixty thousand tons are on the way to Germany, and 80,000 tons are now loading at South American ports.

The government has appropriated 100,000,000 marks for the purchase of American hides by way of Copenhagen in order speedily to overcome the shortage of footwear. The builders' trade paper reports an order placed with a German firm for 30 hotel kitchen outfits for Russia cancelled, as American competition is furnishing them at half the German price.

NICE COMPLIMENT.

Both chambers of the legislature were adjourned Thursday by Chancellor Peres in memory of the death of A. J. Willford, member of the bar and former public administrator and member of army draft board No. 2. Chancellor Peres made a talk to lawyers about the life of the deceased and paid him a splendid tribute. He adjourned Chancellor Hensell's division of the court for him in his absence.
